

NEBRASKA SAFETY COUNCIL SIGN-UP

Simplify chemical management with MSDSonline – a VelocityEHS solution. Nebraska Safety Council members can get this award-winning solution at a special member rate.

Simplify SDS Management with MSDSonline

Still updating and managing your SDSs manually? Get rid of the headache and save yourself potential OSHA fines by switching to **MSDSonline!** Why?

- **NeSC Member Discount!**
- Easy set-up
- Automatically updates your SDSs – *over 12 million chemicals in the database!*
- All employees can look up SDSs in emergency situations
- Mobile access
- Easy secondary container labeling and environmental reporting

The MSDSonline HQ Account is a powerful solution for businesses that need a cost-effective way to track and manage chemical hazards, and provide government-mandated access to a database of regularly updated safety data sheets.
