I wanted to say thank you

Since I have taken the Motorcycle Safety Course at the Nebraska Safety Council, I've rode my motorcycle close to 7,000 miles.

The class made me so confident that I had the knowledge to ride safely all around the country in many different conditions and still be able to handle myself correctly when any hazards arrived.

Again, thank you for the course. I'm positive that taking it has made me a better rider for the rest of my life.
